REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 1-20 are allowed over the prior art of record because none of the prior art of record teaches or fairly suggests the claimed feature of replacing a data element in a cache using the tag and its associated flag bit that indicates the currently requested address was previously requested but missed in the cache and that the cache is still now does not have the associated data therein, as stated in the independent claims 1, lines 4-10 and claim 11, lines 6-17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

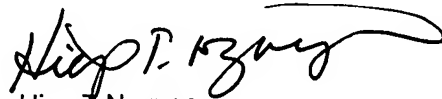

- a. Hetherington, 2001/0010069, teaches a cache tag entry has one or more bits indicating whether an entry points to a cache line that has four previous outstanding cache misses against it.
- b. Arimilli et al., 2005/0055528 teaches a not de-allocated bit field in a cache directory entry.
- c. Mehrotra et al., 6,148,372, teaches a bit to identify a cache miss.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hiep T. Nguyen whose telephone number is (571) 272-4197. The examiner can normally be reached on Monday-Friday from 9:30 am to 6:00 pm.
